

**United Nations / Turkey / APSCO Conference on
Space Law and Policy**

23-26 September 2019

İstanbul, Turkey

Co-organized by the Government of Turkey

Hosted by

**TUBITAK Space Technologies Research Institute (UZAY),
Turkish Space Agency and APSCO**

United Nations / Turkey / APSCO
A Trilateral Cooperation for
Capacity-Building in Space Law

23-26 September 2019
Istanbul, Turkey

Conference Objectives (1/2)

1. To promote understanding, acceptance and implementation of the United Nations treaties and principles on outer space
2. To promote exchange of information on national space legislation and policies for the benefit of professionals involved in national space activities
3. To consider the contribution of space law to economic and social development, and the use of space-derived geospatial data for sustainable development

Conference Objectives (2/2)

4. To consider trends in and challenges to international space law
5. To consider mechanisms for increasing regional and international cooperation in the peaceful uses of outer space
6. To consider the development of university-level studies and programmes in space law, with a view to promoting national expertise and capacity in this field.

Conference Programme Topics

1. Promoting responsible, peaceful and safe use of outer space
2. Long-term Sustainability of Outer Space Activities
3. Legal Regime of Outer Space and Global Governance

Conference Programme Topics

4. National legal and policy frameworks related to outer space activities
5. Best Practices in sharing remote sensing data to achieve the SDGs
6. Strengthening capacity-building in space law and policy
