CASE STUDIES

Enhanced connectivity creates empowered societies.

EDUCATION

Education continuity across the rural Northern Emirates enabled with distance learning during COVID-19 lockdown

MINISTRY OF EDUCATION
UNITED ARAB EMIRATES

YahClick powered by HUGHES

THE CHALLENGE

Seamless connectivity in the rural Northern Emirates to support students with home-based schooling during COVID-19 lockdown.

THE SOLUTION

Reliable high speed internet connectivity using YahClick terminals.

THE RESULT

Students in remote areas of the UAE were connected to continue their education despite the pandemic.

EDUCATION

Students in rural Kenya **access the same resources** as their peer in the cities.

KANZAI PRIMARY SCHOOL
KENYA

THE CHALLENGE

Significantly improve access to information and resources to schools in underserved and unserved rural Kenya.

THE SOLUTIONS

Reliable high speed internet connectivity using YahClick that impacts over 10,000 students.

THE RESULT

Students and teachers have greater access to learning and teaching resources, which allows them to navigate a more dynamic curriculum.

EDUCATION

207 National Public Libraries
connected across
Eastern Cape, South Africa.

THE NATIONAL LIBRARY OF SOUTH AFRICA
SOUTH AFRICA

THE CHALLENGE

Provide reliable and cost effective connectivity to libraries n the Eastern Cape.

THE SOLUTION

207 public libraries were provided with quality satellite broadband.

THE RESULT

A population of over 6 million have greater access to knowledge and information.

HEALTHCARE

Over **30 health clinics** across Kiambu (Kenya) gain real-time access to patient information.

HEALTHCARE IN KIAMBU COUNTY
KENYA

THE CHALLENGE

Increase the efficiency of healthcare delivery through always-on connectivity.

THE SOLUTION

Reliable high speed internet connectivity using YahClick terminals installed across the county's healthcare facilities.

THE RESULT

Around 10,000 patients now receive faster, more cost-effective care every day

GOVERNMENT
SOLUTIONS

YahClick
powered by HUGHES

More than **1.2 million** retired government employees now have easy access to their pension funds.

GOVERNMENT EMPLOYEES' PENSION FUND (GEPF)

SOUTH AFRICA

THE CHALLENGE

Provide pensioners access to their retirement funds and keep their records updated with the GEPF.

THE SOLUTIONS

Vans equipped with YahClick deployable antennas providing always-on broadband connectivity.

THE RESULT

More than 1.2 million members of the GEPF and their beneficiaries now have easy access to valuable financial services.

DEEP RURAL
CONNECTIVITY
YahClick
powered by HUGHES
Delivering
full internet connectivity,
even to remote areas

RELIABLE BROADBAND SERVICE

SOUTH AFRICA

THE CHALLENGE

Provide access to information in deep rural areas

THE SOLUTIONS

Reliable high speed internet connectivity using YahClick terminals.

THE RESULT

People in these areas can now sustain their livelihood, conduct their business and keep in touch with their loved ones.

OUTSIDE **BROADCASTING**

8.6 million community radio listeners have improved access to live announcements

THE BRAND CONNECTION
SOUTH AFRICA

THE CHALLENGE

Reduce the seven-day lead-in time for community radio stations to broadcast.

THE SOLUTION

An effective solution using YahClick deployable antenna.

THE RESULT

Around 8.6 million community radio listeners now enjoy improved access to live event radio announcements.
