

Dear Participant,

The 2nd International Conference on the Use of Space Technology for Water Management is approaching. Here is some useful information on your participation:

The Conference will take place at the Auditorium Manuel Belgrano of the Ministry of Foreign Affairs, International Trade and Worship: Esmeralda 1218. Buenos Aires.

A map with the location of the Conference Venue is attached.

On Wednesday, a field trip to the Delta del Tigre has been planned. So you may want to bring some comfortable clothes.

Please see below the *Week at a Glance* table with schedule of the Conference.

The tentative programme of the Conference has been published on our website
