**Committee on the Peaceful  
Uses of Outer Space****Information furnished in conformity with the Convention  
on Registration of Objects Launched into Outer Space****Note verbale dated 5 March 2008 from the Permanent Mission of  
India to the United Nations (Vienna) addressed to the Secretary-  
General**

The Permanent Mission of India to the United Nations (Vienna) presents its compliments to the Secretary-General of the United Nations and has the honour to transmit, in accordance with article IV of the Convention on Registration of Objects Launched into Outer Space (General Assembly resolution 3235 (XXIX), annex), information concerning Indian space object PSLV-C10-PS4 (see annex).

The Permanent Mission of India has the further honour to inform the Secretary-General that the space object is the upper stage of the polar satellite launch vehicle that was used to launch an Israeli commercial satellite payload on 21 January 2008. The space object remains in orbit.

**Annex****Registration data for an Indian space object\*****PSLV-C10-PS4**

Name of launching State:	India
Appropriate designator of space object or its registration number:	PSLV-C10-PS4
Date and territory or location of launch:	
Launch vehicle:	PSLV-C10
Launch date:	21 January 2008
Launch site:	Satish Dhawan Space Centre, Sriharikota, India
Basic orbital parameters:	
Nodal period:	95.32 minutes
Inclination:	41.07 degrees
Apogee:	597.60 kilometres
Perigee:	470.40 kilometres
General function of the space object:	The upper stage of the polar satellite launch vehicle, used to orbit a commercial satellite payload
