Polish People's Republic and the German Democratic Republic together with the cosmonauts from the Union of Soviet Socialist Republics within the INTERCOSMOS programme of international co-operation in the peaceful uses of outer space.

Reaffirming the importance of international co-operation in developing the rule of law in the peaceful exploration and use of outer space,

Recalling its resolution 32/195 of 20 December 1977 concerning the tenth anniversary of the entry into force of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies, <sup>2/</sup>

1. Endorses the report of the Committee on the Peaceful Uses of Outer Space;
2. Invites States which have not yet become parties to international treaties regulating the peaceful uses of outer space to give consideration to ratifying or acceding to those international agreements.
3. Notes with satisfaction that the Legal Sub-Committee of the Committee on the Peaceful Uses of Outer Space at its seventeenth session continued
  - (a) its efforts to elaborate draft principles governing the use by States of artificial earth satellites for direct television broadcasting.
  - (b) its efforts to formulate draft principles relating to the legal implications of remote sensing of the earth from space.
  - (c) its efforts to complete the draft treaty relating to the moon.
  - (d) to discuss matters relating to the definition and/or delimitation of outer space and outer space activities, bearing in mind, inter alia, questions relating to the geostationary orbit.
4. Endorses the recommendation of the Committee on the Peaceful Uses of Outer Space that the Legal Sub-Committee at its eighteenth session should:
  - (a) Continue, as matters of priority.
  - (i) Its efforts to complete the elaboration of draft principles governing the use by States of artificial earth satellites for direct television broadcasting.
  - (ii) Its detailed consideration of the legal implications of remote sensing of the earth from space, with the aim of formulating draft principles.
  - (iii) Its efforts to complete the draft treaty relating to the moon.

(b) Continue to discuss matters relating to the definition and/or delimitation of outer space and outer space activities, bearing in mind, inter alia, questions relating to the geostationary orbit.

(c) Include in its agenda an item entitled "Other matters",

5. Notes with satisfaction that the Scientific and Technical Sub-Committee of the Committee on the Peaceful Uses of Outer Space at its fifteenth session:

(a) Continued to consider in detail both the current pre-operational/experimental phase and a possible future global/international operational phase of remote sensing of the earth from space.

(b) Continued to consider the implementation of the United Nations programme on space application:

(c) Achieved significant progress in its detailed consideration of questions relating to the convening of a United Nations conference on outer space matters;

(d) Examined the physical nature and technical attributes of the geostationary orbit.

6. Endorses the recommendation of the Committee on the Peaceful Uses of Outer Space that the Scientific and Technical Sub-Committee at its sixteenth session should continue its work on the matters before it, giving priority to the following four items:

(a) Questions relating to remote sensing of the earth by satellites.

(b) Consideration of the United Nations programme on space applications and the co-ordination of space activities within the United Nations system.

(c) Question of convening a United Nations conference on outer space.

(d) Questions relating to space transportation systems;

7. Approves the recommendation of the Committee on the Peaceful Uses of Outer Space on the co-ordination of activities between the Scientific and Technical Sub-Committee and the Legal Sub-Committee in the area of remote sensing and on the need to continue such co-ordination at their future sessions:

8. Approves the decision of the Committee on the Peaceful Uses of Outer Space to request the Scientific and Technical Sub-Committee to include in its agenda consideration of technical aspects and safety measures relating to the use of nuclear power sources in outer space for which purpose the Committee recommended that the Sub-Committee should, unless it decides otherwise, create a working group of experts open to all its members to meet during its session in accordance with paragraph 76 of the report of the Committee.

/...

9. Requests launching States to inform States concerned in the event that a space object with nuclear power sources on board is malfunctioning with a risk of re-entry of radioactive materials to the earth.

10. Adopts the recommendations of the Committee on the Peaceful Uses of Outer Space relating to the convening of a second "United Nations Conference on the Exploration and Peaceful Uses of Outer Space" as well as to the arrangements for its preparation contained in paragraph 75 of the Committee's report.

11. Endorses the proposed United Nations programme on space applications for 1979, as proposed to the Scientific and Technical Sub-Committee by the Expert on Space Applications. 3/

12. Approves a continuing sponsorship by the United Nations of the Thumba Equatorial Rocket Launching Station in India and the CELPA Mar del Plata Station in Argentina.

13. Requests the specialized agencies to continue to provide the Committee on the Peaceful Uses of Outer Space with progress reports on their work relating to the peaceful uses of outer space.

14. Welcomes the report presented by the World Meteorological Organization in response to General Assembly resolution 32/196 A on its tropical cyclone project 4/ and requests the World Meteorological Organization to continue submitting annual status reports on the project.

15. Expresses its appreciation to all Governments which acted as hosts to offered fellowships for, or otherwise assisted in the holding of international training seminars and workshops on space applications, particularly for the benefit of developing countries.

16. Requests the Committee on the Peaceful Uses of Outer Space to continue its work, in accordance with the present and previous resolutions of the General Assembly, to consider, as appropriate, new projects in outer space activities and to submit a report to the Assembly at its thirty-fourth session, including its views on which subjects should be studied in the future.
